EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donald Drummond on December 5, 2005.

The application has been amended as follows:

In claim 1, line 3, please replace the transitional phrase "comprising" with
-- consisting of --.

Applicant and the Examiner had interviewed this case prior to December 5 during which it had been pointed out to the Examiner that the combination of *Haselhorst* and *Hatanaka* did not render the claims obvious because the polymer purported to be equivalent to component (A) of Applicant's invention in column 2, line 46 of *Haselhorst* contained an additional type of structural unit not permitted by the claims. At first, the Examiner was not in agreement with Applicant's contention because the transitional phrase "comprising" had been employed in the description of (A) which, of course, suggests that there may be present structural attributes other than those expressly disclosed in the claim. However, Applicant emphasized that the claim later stipulates that the types of units mentioned represent 100 mol% of the total number of repeat units. The Examiner explained that this concept was in conflict with Applicant's use of

comprising as a transitional phrase and, therefore, it would be necessary to change the transitional phrase under the heading (A) to "consisting of". This amendment remedies what basically constituted a conflict meriting a rejection under 35 U.S.C. 112, second paragraph.

An updated survey of the prior art did not yield a reference more germane than those already of record. Accordingly, claims 1-4 and 6-13 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc S. Zimmer whose telephone number is 571-272-1096. The examiner can normally be reached on Monday-Friday 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
